By the way, TOPP is an abbreviation for 'Training Outside Professional Practice'

This is a shift from the traditional way of training Chartered Accountants, where only firms of Chartered Accountants could be accredited to train Chartered Accountants.

With TOPP, as long as an organization has the proper infrastructure that will enable them to train Chartered Accountants, it will be accredited by SAICA and will therefore be authorized to enroll qualifying employees on a TOPP programme.

What is this TOPP programme?

Imagine enrolling your Finance & Accounting staff to a training programme that will eventually make them qualify as Chartered Accountants,

Imagine having a conducive training environment created within your own organization so you can train your staff to attain this professional qualification,

Imagine having developed policies and processes designed to guide your staff to do the right thing at the right time,

Imagine having a user friendly financial system with built-in controls to guide your staff in their every day activities and provide you with up to date and accurate information so you can make informed decisions,

Imagine having your staff properly monitored even though you and your CFO are locked-up in important meetings

Imagine having personnel that are trained to conduct themselves ethically & professionally,

Imagine seeing Youth develop from being a clerk to a financial analyst that can help you analyse and interpret various financial options to help you make optimal decisions for your Municipality

Imagine having staff with positive morale and ambitious Youth having clear career paths,

Imagine seeing families in your community being uplifted as their off-springs train and qualify as Chartered Accountants
